## Siena

### For Stairs That Turn

# Stannah

## The Stairlift People

Compact and easy to use, the Siena chair from Stannah travels along a rail that is custom-made for your stairs. With over forty years of experience making stairlifts like this, we know how to make the best use of the space available - helping to blend your stairlift discretely into your life.

Whether you're accessing a basement or making full use of the rooms upstairs, the Siena gives you the freedom to set your own schedule. You can use it to carry the groceries and laundry - and park it neatly out of the way when not in use. Choose from a range of colors, and, if needed, sensible options are available to make this the perfect stairlift for your needs.

**Custom-made** to fit almost any staircase, the Stannah 260 saves you the trouble and cost of moving to an unfamiliar home.

**This versatile design** allows your stairlifts to be placed on either side of the stairs, making the best use of a narrow staircase.

**Unfold** the Siena without bending over, for added safety at both landings.

**Swivel** to face the top landing, or (if space allows) your stairlift can continue on to the top landing.

#### **Siena 260 Key Features**

#### **Upholstery** —

Comfortable, waterproof upholstery, available in six colors.

#### Chair width options

Standard model is 191/2" between the armrests. Slim model is 16" between the armrests.

#### **Easy-to-use controls**

The slimline control allows you to use any part of your hand to operate the stairlift.

#### Swivel levers -

Use the levers, or optional one or two-way powered swivel, to get on and off your stairlift in the safest position at the top or bottom of your stairs.

#### **Key Lock**

The key lock prevents unauthorized use.

#### **Custom-made**

This chair travels along a rail which we custom-make to hug your stairs.

Model shown: Siena chair with Tan upholstery

#### On/Off switch

Conveniently placed On/Off switch prevents the chair from moving unexpectedly.

#### Seat belt

Mounted on the armrest within easy reach. Unfastens with a simple latch.

#### **Easy folding**

The armrests, seat and footrest fold neatly when not in use. The foldina mechanism eliminates the need to bend over.

#### **Safety sensors**

These stop the stairlift if it meets an obstruction.

#### **Armrest safety**

The down-side armrest must be lowered when riding the chair.

#### Rated load

One person, 300lbs

#### **Upholstery Colors**

Cranberry

Midnight
